

SWITCHLITE KIT MSF SLDM ADJ

Surface Mounting Kit

Art. no. 96239826

Application

The SWITCHLITE KIT MSF SLDM ADJ is a surface mounting kit that helps to convert recessed sensors for surface mounting applications.

Surface Mounting kit is suitable for:
SWITCHLITE MRE SLDM ADJ (96239855)
SENSA MRE DDM ADJ (96239889)
Connect MRE DUC MWADJ (96239817)

Mounting and installation instructions

- The distance between two drilling holes for mounting the box is either 50 or 60mm.
- Mount surface box onto the ceiling.
- Detach the mains cover of the sensor and plug in the connector. Do not re-fit the mains cover to the sensor.
- Loosely push the unit into the surface box (higher part of sensor back turned to face screw) and secure it with the screw.

Technical data

Dimensions	Ø: 86mm, height: 94mm
Housing material	Flame retardant ABS
Weight	Approx. 1.2 kg
