Power-feed kit L500 in white made of profiled sheet steel for electrical connection of the continuous row. Kit consists of two units, one featuring the terminal blocks for the electrical connection, and the other is a mechanical part. Together they achieve the 500mm length, that allows the line to be fully equipped and covered by CONTUS luminaires. Plug-in connecting terminals for 5 mains power lines, 2 x 2 emergency lighting conductors and 2 control lines. Includes end caps and protective covers to prevent accidental contact with electrical conductors.

Dimensions: 533 x 60 x 58 mm

Weight: 1.4 kg
